Remarks: The compilation of this table is based on the source from the Hong Kong Census & Statistics Department. It does not include trade in gold, silver and coins, which is different from the current approach of the Swiss Customs Administration. It therefore shows a huge contrast if comparing with Appendix 4 Bilateral trade Switzerland – Hong Kong.

\* The Swiss Customs Administration made changes to the way it calculates imports and exports as of 1 January 2012. Since then, comparisons between 2012 and the previous years have no longer been possible. Data on Switzerland's foreign trade in gold, silver and coins are contained in the general total (total 2) starting in the data for 2012 and correspondingly increases this level considerably.

\*\* General total (total 2) includes gold bars and other precious metals, coins, precious stones and gems, work of art and antiques.

\*\*\* Economic total (total 1) does not include gold bars and other precious metals, coins, precious stones and gems, work of art and antiques.
